Are the following expressions the same: “в Мой рук” and “в руки мне”?

0

I heard the expression "**в руки мне**" (=into my hands, *genitive plural*) in a song. As far as I know, to say "*into*" we have to use accusative case. But in that expression it is in genitive case. Can we rewrite that expression like: "**в Мой рук**" (*accusative plural*) ?

7 Question about cases

You can write "**в мои руки**" (proper spelling of accusative, plural), Keep in mind, it should agree with the rest of your phrase. – Vitaly 2 hours ago
